

HANDY SHAMPOOER

Directions for use on upholstery & carpets.

(Do not use on velvet or crushed velvet fabric.)

- 1) Always vacuum upholstery or carpet before shampooing.
- 2) Unscrew head & fill applicator handle as per dilution markings; 1 part shampoo to 10 parts tepid/warm water. **DO NOT USE HOT WATER.**
- 3) Screw head on securely, do not over tighten and gently shake to mix the solution.
- 4) Hold brush flat against upholstery/carpet. Squeeze bottle gently to release solution needed. With pressure centred on the head, work foam into fabric with circular strokes, gradually covering entire soiled area.
NEVER OVER SATURATE FABRIC.
- 5) Allow fabric to dry completely, then vacuum thoroughly to remove dirt-holding residue.
- 6) Rinse unit & store with head lightly attached.
